**PREMIER LLOYD GEORGE SAYS
ALLIES' FATE RESTS ON THE
ABILITY TO COMBAT U-BOATS**

British Public Must Make Great
Sacrifices or Results Will
Be Disastrous.

AMERICAN SHIPS SAFE

Two Steamers Bound For Bordeaux,
France, Declared by Berlin News-
papers Not to Be in Danger of
Attacks by German Submarines.

By Associated Press.

LONDON, Feb. 23.—Premier Lloyd George said in a speech in the House of Commons today that the success of the Allied cause depends upon the ability to solve the tonnage shortage which was now affecting the ordinary needs of the nation and military exigencies. The situation, he declared, called for the gravest measures.

The premier said there was no sure way to victory without hunting the submarines from the deep.

Enormous sacrifices were necessary from the British public, he said. He stated the government proposed to disperse with non-essential importations to save tonnage.

"If we take drastic measures," he continued, "we can cope with the submarine menace, but if the nation is not prepared to accept drastic measures for dealing with the menace, disaster is before us."

The stocks of food in Great Britain at this time are lower than they ever have been before, Mr. Lloyd George said. It was essential for the life of the nation, he declared, that all efforts be made to increase home production.

The premier also proposed a minimum wage of 25 shillings weekly for agricultural workers.

The importation of apples, tomatoes and fruit will be prohibited entirely. Brewing will be cut down to 10,000,000 barrels annually.

A similar reduction will be made in the output of spirits, effecting a saving of 800,000 tons of foodstuffs.

The importation of aerated mineral and table waters will be prohibited. Powers will be given to the board of agriculture to compel land owners to cultivate their ground.

The importation of paper, the premier announced, must be curtailed by a further 840,000 tons annually.

The only exceptions made in the prohibition of fruit importation will be in the cases of oranges and bananas in which the amount brought in will be restricted to 25 per cent. The same restrictions will apply to nuts. Canned salmon importation will be reduced 50 per cent. The importation of foreign tea, coffee, and cocoa is prohibited and even the amount of India tea which may be brought in is reduced.

The premier said it was expected to save 900,000 tons of shipping yearly on foodstuffs.

In announcing the decision to restrict the importation of paper, he said, the government had arrived at the conclusion that a very substantial reduction was necessary and that the amount would be cut to half what it now allowed. This would reduce the allowance to 540,000 tons. These restrictions would be imposed immediately, he said.

He declared he had not the slightest doubt that if the whole program were carried out and if all those who could help with production did help, "I honestly say we can face the worst that the enemy can do, and that is what we ought to be prepared to do."

The speech was a grave effort, the premier giving his audience little opportunity for applause and endeavoring to concentrate attention on the serious situation with which the nation is faced owing to the shortage of food stocks and the German submarine menace. His program for dealing with the situation was under two heads, the first to increase home food production and, the second, the curtailment of non-vital imports.

**AMERICAN STEAMERS
MAY ESCAPE U-BOATS**

LONDON, Feb. 23.—It is quite possible that the American steamers Rochester and Orleans may escape German submarines on their way through the barred zone from New York to Bordeaux, says the Berlin Lokal Anzeiger as quoted in an Exchange Telegram company Amsterdam dispatch but America should not rely upon their doing so.

In Berlin political circles the exchange correspondent says it is believed the submarine commanders have been definitely instructed not to sink these American ships.

**FREDERICK VIII MOVES
UP TO HALIFAX PIER**

HALIFAX, February 23.—Facilitation of the work of examining the baggage of the passengers was announced today as the reason for the moving the steamer Frederick VIII with former Ambassador von Bornstorff and other Germans from the United States on board the Bedford Basin, where the examination of passengers, cargo and baggage has been in progress for several days.

The steamer was brought up to a pier at the steamship terminals last night. No passengers will be permitted on shore.

**RUSH ON STORES;
SUGAR RUNS OUT**

Some Stores Sold Out, Others Are
Limiting Their Customers to
Five Pounds or Less.

Another rush on Connellsville stores, following announcement that the sugar supply was very low and that there was little prospect of it being replenished for a time, almost completely depleted the stocks of many grocers of the city and the sugar situation has become very serious. One store, the only place downtown where sugar could be bought for \$2 per 25 pound sack, was completely sold out yesterday. Other merchants are selling the product today at 10 cents a pound straight, and most of them are limiting each customer to five pounds or less.

The latest development in the food situation comes with reports of a probable shortage of flour. It was stated at a leading wholesale house here that a supply of flour was on hand, not a great deal, but enough to keep the retailers going for a while.

Potatoes are still on hand in local stores, due, it is supposed, to decreased consumption because of the high cost. The tubers are selling at 90 cents a peck in most stores.

The whole thing is said to be "up to the railroads." If they can move the freight and give cars of foodstuffs the right of way, the shortage may be relieved.

Produce dealers of Pittsburg predict that the shortage in flour, sugar and potatoes will be followed by another in fruit and vegetables, especially cabbage, tomatoes and onions. A cold wave in Florida early in February froze the early crop, causing a loss of more than \$25,000,000, it is said.

The domestic science department of the public schools is not likely to suffer from the food shortage, as there are supplies enough to last for about two weeks on hand there, according to the school officials. By that time, it is believed, it will be possible to purchase sugar again.

TO OPEN NEW FIELD

Pennsylvania to Enter Greene and
Part of Westmoreland.

Two great coal districts are about to be opened up by the Pennsylvania railroad. The Greene county holdings of J. V. Thompson, former Uniontown banker, and his associates, will be brought into the market by a railroad, which will run up Ten-Mile Run off the Monongahela Division. A large territory of undeveloped coal in Westmoreland county also will be made available by an extension of the Fulton Creek Valley railroad, thus bringing Salisbury many miles nearer to Pittsburg by an almost direct route.

Even though the supreme court of the state should decide against the personal receiverships in the affairs of Mr. Thompson and thus prevent immediate future sales and render invalid late sales of Thompson coal lands in Greene county, it is not doubted that some other means will be found to enable the placing of the coal lands in the hands of persons or corporations who will open mines.

ELECT OFFICERS

Twelve Unions Represented at Meeting
of Trades and Labor Council.

The Connellsville Trades and Labor Council met in Moore hall last night, with 12 unions represented, and elected officers. Prospects for the organization are good, and every indication is that it will be successful. The officers elected were:

B. W. Ellis, president; B. C. Burkhardt, vice president; J. A. Kessler, secretary; O. R. Herwick, treasurer; C. L. McGinnis, sergeant-at-arms; Mr. Foldbauer, guard; S. E. Desmone, A. H. Shaffer and J. H. Welsch, trustees; R. H. Miller, O. R. Herwick, Elmer McNutt, publicity board.

Elmer McNutt was recommended to the American Federation of Labor for district organizer.

The council decided to advocate the use of union-printed text books in the schools. It is said that many of the books in use locally do not bear the union label.

PATRONS' DAY

Parents Visit County Schools Today;
Pupils' Work Displayed.

Thousands of parents visited the schools of Fayette county today, in observance of the annual Patrons' day. The schools of Connellsville do not observe the day at this time. Parents will visit the local buildings at a later date.

In most of the schools of the county, the regular program will be carried out today, in order to allow the patrons to see just what the routine of work is. Exhibits of the children's work will be on display, however, and in some of the schools, special programs of entertainment will be given in the afternoon and evening.

Pressing to Take Command.
EL PASO, Tex., Feb. 23.—Major General John J. Pershing left here late last night for San Antonio, Tex., to take command of the Southern Department, filling the place of Major General Frederick Funston.

Few Marriage Licenses.
Following the beginning of Lent there has been a decrease in the number of marriage licenses issued in Uniontown, only two being taken out Wednesday, and one yesterday.

**BIG ATTENDANCE
AT 12TH ANNUAL
MASONIC BANQUET**

Annual Washington's Birthday
Reception is Attended by
223 Persons.

QUARTETTE ENTERTAINS

Redpath Bureau Entertainers Take
Place on Program Usually Occupied
by a Speaker; Informal Dance and
Cards Finish Off Enjoyable Night.

The twelfth annual Washington's Birthday banquet of the Connellsville Masonic Association in Masonic Hall last night was one of the most successful in recent years both in point of attendance and opportunities for enjoyment. There were 223 persons at the banquet tables, one less than the largest attendance since the Washington's Birthday banquets were inaugurated. About five years ago 224 persons attended.

Instead of the customary speech-making after the dinner, the Schubert quartet of Pittsburg, a Redpath-Brookway Chautauqua organization, provided a program of musical numbers and led in the chorus singing while the banquet was being served. This proved a pleasing innovation, for the quartet was fine both in ensemble numbers and solos. It was composed of Joseph Smith, first tenor; Thomas Reed, second tenor; C. E. Boyd, baritone, and Charles F. Miller, bass.

The dinner was served at prettily decorated tables in the banquet hall on the fourth floor. There were eight tables, in charge of J. L. Evans, A. B. Hood, W. L. Wright, J. R. Mesleard, W. R. Scott, J. V. McClaren and W. R. Long, with W. D. McGinnis and Robert Norris in general charge of the seating. The centerpieces consisted of flowers and candelabra. Ornamental candlesticks tied with tiny red, white and blue ribbons were placed at intervals along the tables. At each guest's plate were place cards suggestive of Washington's Birthday. Red carnations were placed at the ladies' places and white ones at the men's. The hall itself was decorated in the national colors and pictures of Washington.

After the singing of America, J. A. Armstrong asked grace and the serving began. The quartet sang between bites and the guests joined in singing old-time and modern songs. Kille's orchestra played.

After the banquet the quartet entertained in the lodge room until the banquet room was cleared for dancing. An informal dance began at 10 o'clock and continued until 3. There were cards for those who did not dance, in the social rooms of Washington.

The dance as usual was marked by that spirit of friendship and informality that made the stranger feel at home and assured a good time for all. Waltzes and two-steps, with an occasional schottische, one step and fox trot for the younger set, predominated. Several Paul Jones dances helped liven things up. E. T. Norton called the figures for these and sounded his silver whistle for the changes of the dance.

On the receiving line were H. George May, E. T. Norton, Ralph C. Beerbohm, William R. Long, William R. Scott, William J. Bailey, Harry E. Schenck, William E. Crowe, J. Raymond Mesleard, Harry C. Koffman, George B. Moore, J. A. Lyon, Henry T. Cochran and J. Donald Porter.

The general committee on arrangements consisted of Robert Norris, chairman; John W. McClaren, Warren L. Wright, John L. Evans, Alex. B. Hood, Eugene T. Norton and William D. McGinnis.

One of town guests were Mr. and Mrs. S. W. Meltzer, Mr. and Mrs. G. H. Bortz, Mr. and Mrs. W. E. Sharpe, Mr. and Mrs. J. T. Byers, Mr. and Mrs. D. B. Stautt and daughter, Miss Millie, Mr. and Mrs. J. Seagriff Marshall, Mr. and Mrs. James Galtner, Mr. and Mrs. Stone, S. Ray Shelby, Mr. and Mrs. M. W. Johnson, Mr. and Mrs. Frank M. Johnson, Mrs. Dorothy Phillips of Uniontown, Mr. and Mrs. G. E. Huttelmaier, Nelson Miller, E. L. Gault, Mr. and Mrs. T. H. Locks, Homer Alken, A. J. Strickland, Mr. and Mrs. James R. Campbell, Dr. and Mrs. Claude W. McKee, Dr. and Mrs. L. T. Gilbert, Mr. and Mrs. B. C. Fair, Miss Gertrude Reed and G. J. Bell, Dr. and Mrs. J. R. Cottom, Harry McDonald, Rev. H. A. Baum, Mr. and Mrs. R. K. Smith, Mr. and Mrs. S. J. I. Moringstar, Mr. and Mrs. M. E. Strawn, Mr. and Mrs. G. E. Moore, Mr. and Mrs. H. B. Moore of Dawson; Mrs. Mabel Henderson of Greensburg; Mrs. Robert Felty of Springfield, O.; Miss Judkins of Greensburg, O.; Miss Ruth Hoffman of Johnstown, Pa.; G. S. Denton of Pittsburg.

The women of the Lutheran Church prepared and served the banquet in their usual excellent style.

**Full Military Funeral For Late
Major General Frederick Funston****MAJOR GENERAL FREDERICK FUNSTON**

The funeral of Frederick Funston, the youngest major general in the United States army, upon whose shoulders the active Mexican situation at the border rested for the last two years, will be held February 24 in the national cemetery at the Presidio at San Francisco. He died suddenly at San Antonio, Tex., when he collapsed with a child in his arms. He was 52 years old. He leaves a wife and three children in San Francisco. A full military funeral was provided for the distinguished soldier.

The sudden death of General Funston sent a wave of sorrow rippling through the nation. The hero of the Philippines campaign and commander

of the southern department of the United States army was held in high esteem. From high government officials came expressions of the deepest sorrow at General Funston's death. From President Wilson down to the rawest "rookie," who is seeing service on the border, he is sincerely mourned.

SAN FRANCISCO, Feb. 23.—When the body of Major General Funston, who died in San Antonio last Monday, reaches here today it will be met by a battalion of the coast artillery and escorted to the city hall, where it will lie in state until tomorrow morning when the funeral will be held.

**FARMER WHO SOLD TUBERS
AT \$2 A BUSHEL TO BARBER
FAILS TO DELIVER THEM**

When a West Virginia farmer offered Homer Moser, a local barber, two car loads of potatoes at \$2 a bushel, the consularist had visions of getting rich quick. After selling the tubers at a nice profit to himself, the barber is now gunning for the farmer, who failed to deliver them.

Yesterday a farmer from West Virginia dropped into the Moser & Gaster shop for a shave. A conversation ensued in which the farmer dropped a word about having two or three cars of potatoes to sell. He said he was able to get them for about \$1.20 a bushel where he lived and would be glad to dispose of them for something like \$2.

Moser told the man to hold to his pot of gold, declaring he would sell them here for a better price than that. It was agreed that Moser should get a commission for each bushel sold. Reports say that the barber secured orders from wholesalers, and the two cars were taken so quick that it took an effort at all for him to realize the nice little "pile" he would have after the farmer delivered the goods and the dealers handed over their checks.

The farmer left to make arrangements for delivering the potatoes to the wholesalers, but he never showed up again. Moser doesn't know whether the farmer had any potatoes. If he does, he says he hopes they freeze.

**FIRST IRON ROLLED
IN U. S. MADE NEAR
HERE BACK IN 1817**

Centennial of Great Industry
Suggested by Descendant
of First Maker.

HAS BIG POSSIBILITIES

Dr. Richard G. Lewis of Mount Vernon,
Ohio, Says Many Notables Could Be
Invited Here For the Week of Sep-
tember 10; Suggests an Organization

Calling attention to the fact that the first real rolling mill in the United States was built in Fayette county in 1817 and that the first bar of rolled iron made in the country was turned out on September 15, 1817, Dr. R. G. Lewis of Mount Vernon, O., writes to the Courier to suggest that a centennial celebration would be appropriate and profitable.

"From that small acorn of a mill," Dr. Lewis writes, "has grown within a century the extensive groves of rolling mills in the United States, East and West, North and South—Carnegie Steel Works, Bethlehem Steel Company, Phipps Company, Cambria, Illinois Steel Company, Colorado Iron & Steel Company, Birmingham mills, San Francisco mills and all the plants of the great United States Steel Corporation."

"You enterprising newspapermen ought to stir up your prominent people and arrange a centennial celebration," Dr. Lewis continues. "If you go into the matter right you can have a great celebration during the week ending Saturday, September 15, 1917."

"I am interested in the matter because the Welshman who designed and built and ran that mill was my grandfather, Thomas Cotton Lewis, Sr. Colonel Isaac Meason of Connellsville, furnished the money for the enterprise (or 'venture,' as such beginnings were called in former days)."

Dr. Lewis' suggestion is that various municipal organizations get together and plan a tentative celebration program and organize an association to carry it out. He says such an organization could extend formal invitations to Carnegie, Schwab, Gary, Phipps, Frick, Corey, Farrell and others to act as an advisory committee or honorary members of the organization.

There are no end to the possibilities of the celebration, according to Dr. Lewis, who insists that the magnitude of the steel industry, growing out of the little Fayette county mill, ought to bring Governors, Senators, Congressmen, magnates of the industry, and even the President here. With President Wilson, Andrew Carnegie, and Charles M. Schwab here on the same day thousands would be attracted to this section.

The descendants of Colonel Meason and the Lewises—Thomas Cotton Lewis, George Lewis, Samuel Lewis, Henry Newman Lewis (James Lewis never married) and of James Pratt and David Adams—could be invited to be honorary members of the committee.

Dr. Lewis suggests other features of the celebration, including a ride to the old mill site at Old Plumcock, the present town of Upper Meriden.

"Go to it," Dr. Lewis concludes.

PRICE OF POP RAISED

Manufacturers Will Charge Retailers
10 Cents More on Case.

Pop manufacturers of Fayette, Greene and Washington counties, comprising the Tri-County Pop Manufacturers' association, at a meeting in Uniontown yesterday afternoon, decided to raise the price of pop to the retailer 10 cents per case. The present price of pop is 60 cents per case or 24 bottles, each bottle being sold by the retailer for five cents. Whether the retailers will pass the increase on to the consumer is as yet uncertain.

Advance of practically all ingredients entering into the manufacture of pop is given as the reason for the raise. Sugar and extracts are high and the bottles provided by the makers have gone up from \$2.75 to \$3 per gross.

Pop manufacturers from Fayette county and the Monongahela valley attended yesterday's meeting. J. B. Millard and Joseph T. Johnston of Connellsville were among those present.

PUNCH BOARDS GO.

Many Merchants Have Removed Gamb-
ling Devices, Chief Says.

Many of the punch boards and other gambling devices have disappeared from stores here, according to Chief of Police R. Rottler, since Mayor R. Marston ordered the clearing of all gambling houses and the confiscation of all gambling devices last Sunday.

"The police have not yet made any arrests in connection with the keeping of punch boards," Chief Rottler said this morning, "and we will give a little time to those who have not yet removed them."

\$750,000 Fire at Omaha.

OMAHA, Neb., Feb. 23.—Fire early today in the downtown retail district destroyed practically an entire block of business houses. The Berg Clothing Company and the Hartman furniture store were the principal losers. The loss was estimated at \$750,000.

SOCIAL and PERSONAL

Large and successful was a Washington's birthday entertainment held last night in Pritchard's Hall by the Royal Circle Class of the United Brethren Church. About 350 persons attended and a sum of about \$100 was realized. Attractive appointments in keeping with Washington's birthday were artistically carried out, large and small American flags, and flowers of various kinds being used in decorating the spacious auditorium which never presented a more beautiful appearance. The committee put forth every special effort towards having the entertainment a success and every member greatly appreciates the assistance rendered by all persons not members of the class. The program was delightfully rendered and every number was thoroughly enjoyed. At the request of a number of persons in the audience the entertainment will probably be repeated next Thursday night. The program included a vocal solo by Miss Loreen Struble, piano duet by the Misses Brown, an address on "George Washington" by Miss Lottie Bull of Brentford, selections by the Sunday school orchestra of five pieces, living pictures, a flower drill by 35 small boys and girls, "The Sweetest Story Ever Told," rendered by Lester Crawford, interpreted by small boys and girls, who appeared in evening dress. Following the program dainty refreshments were served.

The L. W. Class of the First Baptist Church held a successful chicken and biscuit supper last night in the dining room of the church. The hours were from 5 to 8 o'clock, and during that time the young ladies in charge of the tables were kept busy serving the crowd. The menu consisted of all the many good things which help to make a real chicken dinner: ice cream and delicious cake being included. The service was excellent and all who attended were generously served. Patriotic decorations significant of Washington's birthday were artistically carried out. The pillars and walls were artistically draped with bunting and flags, while the tables held potted plants, adorned with red ribbon. Quite a nice sum was realized from the supper.

The regular meeting of the W. W. Fickett class of the Methodist Protestant Sunday school will be held this evening at the home of Mrs. Dunston L. Witter avenue.

The first of a series of cottage meetings to be held by the congregation of the Trinity Episcopal Church during Lent was held last night at the home of Mr. and Mrs. J. S. Bryner in Sycamore street, and a meeting will not be held tonight, as previously announced. Until the close of Lent a similar meeting will be held each Thursday night at the home of members of the church. Rev. M. S. Kauffman of Uniontown, rector of the church, was in charge of last night's meeting.

The O. N. T. club was delightfully entertained yesterday afternoon by Mrs. N. Heffler at the home of her sister, Mrs. Fred Neumann, in Park street. Ten ladies were present, and spent a pleasant afternoon at fancy-work. Delicious refreshments were served. Appointments in keeping with Washington's birthday prevailed and small gifts were given as favors. Mrs. M. J. Roland will entertain the club Thursday afternoon, March 8, at her home at the West Side Hotel.

The J. G. Girls Club held a very enjoyable meeting last night at the home of Miss Loraine Soisson in South Connellsville, six guests being present. Fancywork was the amusement followed by refreshments. Miss Elizabeth Loban will entertain the club Thursday evening, March 8, at her home in South Connellsville.

Mr. and Mrs. T. A. Douglas of Warrensburg, Mo., were guests at the regular meeting of the Ladies' Circle No. 100 to the William F. Kurtz Post No. 104, Grand Army of the Republic, held yesterday afternoon in Odd Fellows' hall. Mrs. Douglas is president of the Ladies Circle to the Grand Army of the Republic at Warrensburg and a senior vice president of the department of the Ladies Circle of Missouri. Mr. Douglas is a veteran of the civil war. The meeting was well attended and was one of great interest.

The Anna M. Naff Bible class of the First Presbyterian Church held a well attended meeting last night at the home of Mrs. D. P. Brown in East Cedar avenue. Mrs. Anna M. Naff, president of the class, was in charge of the devotional meeting.

The regular meeting of the Woman's Suffrage Party will be held tomorrow afternoon at 2:30 o'clock at the home of Mrs. J. J. Thompson in East Cedar avenue. All women interested in suffrage are invited.

The senior commercial department of the high school will hold a party tonight at the home of Miss Ruth Butternut.

The H. S. C. class of the First Methodist Episcopal Sunday school will meet this evening at the home of Miss Freda Rhodes in Morrell avenue, Greenwood.

Miss Belle McDonald and Clarence Hoffman were quietly married this morning at 6:30 o'clock at the home of the bride's brother-in-law and sister, Mr. and Mrs. William Work, in Waynesburg. There were no attendants and only the members of the two families witnessed the ceremony. The bride formerly resided in Connellsville and has a wide circle of friends here.

Mr. Hoffman is a prosperous business man of Waynesburg. Following a wedding trip to western cities of interest, Mr. and Mrs. Hoffman will be at home at Waynesburg.

Dr. Clayton Brooks, who is conducting revival services at the Somerset Christian Church, delivered an address on "Women's Work" to the ladies of the Christian Church of this city this afternoon.

The Outdoor Club will meet Monday afternoon at the home of Mrs. H. E. Schonek in East Green street.

Mrs. Grover Cobb will entertain the Busy Twelve Club Tuesday evening at her home in the West Side.

At the regular meeting of the Philadelphia Class of the Christian Church held last evening at the home of Miss Susan Gilmore in East Fairview avenue, the class decided to purchase table linen for the dining room of the church. A social session, during which other various games and contests and other amusements were indulged in, followed the business meeting. Refreshments were served. The meeting was well attended.

Mr. and Mrs. J. W. Greenon entertained the members of the Presbyterian choir last evening at their home in Railroad street, Dunbar. Twenty guests were present. Music was the feature amusement of the evening. Refreshments were served.

Miss Beatrice Kingan, daughter of Mr. Julia Kingan of Dunbar, and Harry Storey of Irwin, were married last evening at 8 o'clock by Rev. T. M. Gladden, pastor of the Methodist Protestant Church at Dunbar. Miss Olive Elcher was bridesmaid and Lynn Kingan, a brother of the bride, served as best man. Following the ceremony a wedding supper was served. The bride was chief operator for the Bell Telephone Company at Dunbar. Mr. Storey is a salesman for the same company. After a wedding trip to Eastern cities, Mr. and Mrs. Storey will be at home at Dunbar. Mrs. Charles Pierson of Connellsville, was an out of town guest.

Mrs. Susan Kennedy and Mrs. John Hitehman of Mount Pleasant shared honors at a luncheon given yesterday afternoon by Mrs. M. M. Cochran of Uniontown at the Uniontown Country club. Covers for 20 were laid.

ORRINE DESTROYS LIQUOR HABIT

Keen interest in Orrine, the scientific treatment for the drink habit, now on sale at our store continues unabated.

Yet this is not surprising when it is realized that it can be given secretly at home with absolute confidence, and that it quickly destroys all desire for whiskey and other intoxicants. Orrine has saved thousands of drinking men, and is sold under a guarantee to refund the purchase price if, after a trial it fails to benefit.

Orrine is prepared in two forms: No. 1, secret treatment; Orrine No. 2, voluntary treatment. Costs only \$1.00 a box. Ask for booklet. Connellsville Drug Co., W. Crawford avenue.—Adv.

ELECTRIC SINGER

R. V. Rendine Gets Novel Electric Sewing Machine.

After searching through electrical supply company catalogs for weeks in search of an electrical singing machine, W. W. Edie, of the West Penn sales force, finally came upon one manufactured by a Racine, Wis., firm and it was ordered to add to the electrical equipment of R. V. Rendine's tonorial establishment. It arrived today.

The device consists of a handle across which four or five wire filaments are stretched. The current heats these and they are applied to the hair, replacing the wax tapers, now used. This is the only electric singer in this section.

Information Not Presented.

Prosecution of the Atlantic & Pacific and the Level Tea companies by the city for soliciting in the city without a license is at a standstill. Information against the firms have not yet been drawn up by City Solicitor E. C. Elgible, and after they are presented to Alderman W. D. Colborn, there will likely be a wait of five days before the trial.

What To Do When Baby Has The Croup

Pennsylvania Mother Advises Use of "External" Treatment—VapoRub.

What to do when baby has the croup is a serious matter in every home. In the worst the universal treatment is a good rub over the throat and chest with Vick's VapoRub Salve. The body warmth releases the ingredients in the form of vapors that, inhaled with each breath, quickly relieve the breathing. In addition, Vick's is absorbed through the skin, relaxing the nervous tension and taking away the tightness and soreness.

Last winter Mrs. W. M. Rosenberg, 128 W. Broad St., Souderton, Pa., tried Vick's VapoRub for the first time, and writes:

"I have used Vick's VapoRub on my baby when he has had croup and colds in his throat."

and chest, and it has helped him wonderfully. I think it is the best thing of its kind I have ever used, and always want some in the house."

In addition to croup and colds, Vick's will be found useful in a hundred ways in the home as a salve for burns, bruises, itches, etc. Three sizes, 25c, 50c and \$1.00.

VICK'S VAPORUB SALVE

The Grim Reaper

MRS. KATHERINE LOZIER.

Mrs. Katherine Lozier, 79 years old, died at her home on St. Clair street, Mount Pleasant, last evening following a long illness. Funeral services from the home at 2:30 Saturday afternoon. Interment in the Mount Pleasant cemetery. Deceased was a life long member of the United Brethren Church. The funeral services will be conducted by Rev. T. C. Hatper, pastor of that church, assisted by Rev. A. W. Barker, pastor of the Reformed Church.

Mrs. Lozier's death was due to a fall she received two years ago. At the time she broke her hip and never fully recovered from the effects of the shock. Survivors are: William and James Lozier, two sons, at home, and another son, Harry, of Altoona, and two daughters, Mrs. Daisy Goldsmith and Alice Lozier.

WILLIAM W. GALLAGHER.

William W. Gallagher, 64 years old, one of the best known residents of Lower Tyrone township, died last night at his home following a third attack of pneumonia, his late illness dating back to a week ago. Funeral Sunday afternoon at 1:30 o'clock. Deceased was a staunch prohibitionist and was a life long member of the Tyrone Presbyterian Church. He is survived by three children, John K. Gallagher, of Detroit, Mich.; William B. Gallagher, of Uniontown; Elmer W. Gallagher, at home, and two brothers, Dr. G. W. Gallagher of the West Side, and John Gallagher, who resides on the adjoining farm of the deceased. His wife died five years ago.

SCOTT KELLER.

Rev. D. E. Minard of Dunbar officiated at the funeral of Scott Keller held yesterday morning at 11 o'clock from the family residence at Coalbrook. Relatives of the deceased served as pallbearers. Interment in Cochran cemetery at Dawson.

MRS. JAMES WILGUS.

The funeral of Mrs. James Wilgus was held yesterday afternoon from the Cochran Memorial Methodist Church at Dawson. Rev. H. A. Baum, the pastor, officiated. The services were impressive and were attended by many relatives and friends of the deceased. Interment in Dickerson Run Union cemetery.

JAMES LEWIS STINGER.

James Lewis Stinger, four year old son of James L. and Lillian Firestone Stinger of Haver, No. 2, Sligo, died last night at 8:30 o'clock. Funeral from the family residence tomorrow morning at 10 o'clock, with Rev. George Dietz, pastor of the German Lutheran Church officiating. Interment in Hill Grove cemetery.

SLIGHT FIRE

Farm House Ignited by Soot From Chimney.

The Mount Pleasant fire department was summoned to the Shupe farm on the Donegal pike last night about 3:30 o'clock by a blaze that had caught in a room of a farm house occupied by Harry Bernhart and Ezra Meyer. While the Bernhart family was in Mount Pleasant the firemen smelled smoke and breaking upon a door found a room on the Bernhart side burning.

Soot falling from the chimney had set fire to the interior of the room. A bucket brigade was formed and the blaze was extinguished before the truck arrived.

FORECAST FULFILLED.

Rain Predicted by Weather Man Arrives at Last.

Rain set in this morning, and the Weather Man's persistance in predicting "rain or snow" every day during the past week was finally rewarded by the fulfillment of his forecast. His promise today is that the rain will turn to snow.

Beginning just before 10:30 o'clock, the drizzle soon developed into a steady downpour that gave promise of continuing throughout the day.

Card of Thanks.

WALK OPENED

Bridge Sidewalk is in Use After Being Closed for Repairs.

The walk on the Yough bridge is opened for traffic today, having been completed yesterday by a force of workmen who have worked steadily on it since the new iron braces arrived. The new walk is a big improvement over the old one. The smoke from the Baltimore & Ohio railroad does not shoot up between cracks in the boards.

The walk was repaired when boards in it became loose. After the sidewalk had been taken up, it was discovered that some of the steel braces supporting the walk had been eaten through by rust. The work was ordered stopped until new ones could be secured. Only a short delay was caused by the lack of these braces.

Simple Laxative Remedy Best for Constipation

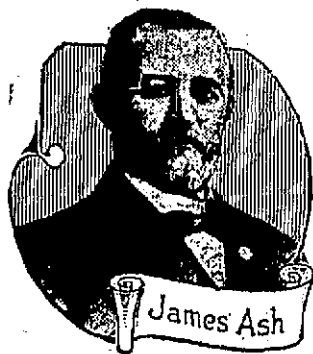

Dr. Caldwell's Syrup Pepsin
Gave Satisfaction When
Nothing Else Would.

Nearly every one, at one time or another, suffers from constipation, or inactive bowels, and one of the few conclusions upon which the doctors agree is that regularity of the bowels is an essential to good health.

In the family medicine chest of most well-ordered households will be found one or more of the various remedies recommended for the relief of constipation. In the majority of homes to-day the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin is recognized as the standard laxative. Druggists everywhere report a constantly increasing demand for this splendid remedy which is sold for fifty cents a bottle.

Mr. James Ash, 102 Green St., Cumberland, Md., wrote to Dr. Caldwell that he found Dr. Caldwell's Syrup Pepsin the most effective remedy for constipation he had ever used and that he always keeps a bottle of it on hand for use when necessary.

Dr. Caldwell's Syrup Pepsin is a mild laxative, and does not gripe or strain, but acts gently and brings relief in an easy, natural manner. Its freedom from opiates or narcotic drugs makes it the ideal family laxative.

James Ash

To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. HIGHEST PRICE RECORD FOR COKE REACHED LAST WEEK

When Spot Furnace Was
Sold at \$13.00; Spot Foundry
\$14.00 at Ovens.

HOLDS CLOSE TO THE TOP

In Face of Easter Traffic Conditions
Prevailing This Week: Furnaces
Holding Coke for Banking; Relief
Felt Because More Coke Is Moving.

Special to The Weekly Courier.
PITTSBURGH, Feb. 21.—Last Saturday saw the highest prices for spot coke recorded in this whole movement, and probably the highest prices on record. At least one sale of spot furnace coke was made at \$13.00, and spot foundry coke was in the neighborhood of \$14.00. It is possible that some dealers secured a higher price from consumers. Until the present movement the record prices for spot coke were made during the railroad blockade of 14 years ago.

Only a very small proportion of the furnaces that were short of coke were in the market, the great majority having continued to observe their policy of confining their operations to the coke received on contract, turning light if the coke was insufficient for full operation, and banking if the supplies were altogether too light. In many cases coke for banking was borrowed from contiguous furnaces. The Carnegie Steel Company is understood to have had 23 furnaces banked at the end of last week, while many other stacks of steel interests were banked. The extreme case was that of the Lorain furnaces, where an additional stack was banked last week, leaving only one of the five in blast. This, however, was done in order to divert coke to stacks needing it still more.

Coke shipping conditions this week are greatly improved. On Monday several of the operations had 100% car supplies, and while in most cases supplies were down to 50, or 60% yesterday the week's average promises to be much better than that of last week, when the worst conditions of the winter were experienced.

There has been some relief to the furnaces already by reason of the fact that coke in transit has moved more freely. Nearly all the furnaces have more cars en route than was the case a week ago, and receipts at furnaces in the past few days have been correspondingly larger.

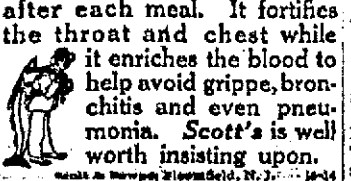

There is only occasional interest manifested in coke contracts. There is practically no inquiry for furnace coke, and only an occasional inquiry for foundry coke. The United States government is in the market for a moderate tonnage for the Watervliet arsenal, but a special price will of course be named on this business.

The spot coke market holds close to the new top point reached last Saturday, notwithstanding earlier traffic conditions prevailing this week. The precise market is difficult to quote as producers have scarcely anything to offer, and consumers have better supplies, with promise of still better supplies a few days hence. Upon the basis of sales made within the past few days the market is quotable about as follows:

Spot furnace \$12.00 to \$12.50
Contract furnace, nominal, \$12.00 to \$12.50
Spot foundry \$13.00 to \$13.50
Contract foundry, nominal, \$13.00 to \$13.50

COKE TRADE SUMMARY.

The coke trade was not as bad, last week as was expected, but it was bad enough to make the worst record of the year in point of shipments, the total being but 230,000 tons, a falling off of over 1,300 tons from the preceding week. The movement was wholly by rail, ice having blocked river navigation, and showed that the railroads did no worse than during the preceding week. The region is operating more evenly than for a year past but only in nominal active production because of the limitations imposed by irregular and inefficient car supply. Actual operating efficiency is only about 62%. Operators are obliged to hold their plants in a state of constant preparedness on account of the wide range in car distribution percentages which are anywhere from 100% to 25%. As well as to be ready for a sudden improvement in conditions. One supply began this week on a 35 to 100% basis, indicating a greatly improved movement. Spot coke prices reached a new high record Saturday when furnace sold at \$13 and foundry at \$14. Notwithstanding earlier traffic conditions, prices held near the top. Prices being quoted \$12.00.

The coal market has been very much excited this week. Particularly high prices were reached Saturday and Sunday, up to \$5.00 or higher for steam coal and \$6.00 or higher for gas coal, but the trend is now towards somewhat lower prices.

Pig iron has grown still scarcer and still higher prices have been paid for prompt lots of foundry iron, up to \$33.00, Valley. Prompt Bessemer has also become scarce and \$36.00, Valley, is now the usual quotation. There has been fairly heavy buying of basic iron for prompt and nearby deliveries, but without sending the price upwards. The market is now quotable as follows: the prices on foundry and unalloyable being for prompt shipment only, there being no market developed for forward deliveries. Quotations on basic and Bessemer are for prompt and forward deliveries:

Bessemer \$35.00 to \$36.00
Basic \$33.00 to \$34.00
No. 2 foundry \$32.00 to \$33.00
Valley \$34.00 to \$35.00
Gray forge \$34.00 to \$35.00

These prices are f. o. b. Valley furnaces, prices delivered Pittsburgh being higher by the 95 cents freight.

FRIDAY EVENING, FEB. 23, 1917.

TIME FOR CONGRESS TO ACT.

There is really little hope or expectation that Congress will rise to the emergency of the hour and provide an effective and practical solution of the food problem now menacing the country. But the country expects this body to at least make some attempt in this direction.

With all the investigations, agencies, some acting under the express authority of Congress, not one iota of tangible evidence has been produced by which responsibility for the underlying causes of exorbitant prices, or the supposed scarcity of supplies can be definitely fixed. The legal officers of the government have given it as their opinion that the food gamblers are beyond the reach of the law, so long as they do not jointly enter into a conspiracy to sustain prices or long to supply in storage. This conclusion of the Department of Justice was announced two months or more ago when an attempt was made to prosecute the Chicago "Egg Kings."

These facts and the further facts that prices were continually mounting skyward and the visible supply of foodstuffs was being reduced every day, have long been known to every member of Congress, while it has been the common knowledge of the whole country that food speculators have continued their activities with increasing boldness. Every member of Congress has known, from his own personal experience or that of many of the "folks back home," that every article of human need has been rising in price so rapidly as to make the essentials of existence a luxury even to the well-to-do. In his message to Congress in December President Wilson referred to these facts and gave expression, in his usual well-rounded phrases, to several academic utterances on the situation and threatened condign punishment upon the food price conspirators.

But what has Congress done in the meantime to place that body or the country in a position to meet such an emergency as is now upon us? Nothing, absolutely nothing! In face of the knowledge that our existing laws are inadequate to protect the consuming public from the machinations of those who speculate in the necessities of life for the poor and rich alike, no attempt has been made to provide a remedy. Busy with pork barrel measures, or conjuring up new means of exacting new forms of taxation from an already overburdened people, has been the sum total of the achievements thus far during the short session.

In some respects the situation confronting the country is even more grave than the threatened war with Germany and the urgency for prompt action is greater. It is certainly time for Congress to arouse itself to the needs of the hour and to take prompt and decisive steps in the direction of affording relief from a condition without a parallel in our country's history.

MT. PLEASANT INSTITUTE.

It is cheering news to learn of the progress already made toward the rejuvenation of the Mount Pleasant Institute.

The country generally and this section in particular has need for the small college in order to provide a course of instruction to supplement that of the high schools and within reach, both as to distance and expense, of many bright young men and women who do not wish or are not economically able to attend the larger and more distant and expensive institutions.

The proposed changes in the scope and plan of the Mount Pleasant Institute, making it a junior college, will equip it to supply the particular needs of the time and situation. As such an institution is should have an useful career. If adequately financed there is little doubt but that it will admirably serve its purpose.

PROVES TOO MUCH.

At a date so far removed from the November election the average citizen has expected that the members of the dominant party, who are charged with the duties and responsibilities of administering the government, would have some reasonable sense of the fitness of things and choose to play politics. Not so, however. The opportunities to lend partisan color in every governmental activity are so tempting that few, if any, of the department heads or others privileged to give out information and statistics, can refrain from ascribing to the beneficent effects of the Democratic administration all that appears, or is made to appear, as chances for the better. A noticeable instance, because the most recent instance, of this form of endeavor is supplied by Secretary Wilson of the Department of Labor.

Through the publicity bureau of the Democratic National Committee he gave out some days ago a "special report," accompanied by an interpreting interview, both of which were designed to show that the advance in wages which 1,100,000 employees in the United States have received "since election day" was due to the fact that President Wilson was

AN AMERICANIZATION DRIVE

WASHINGTON, Feb. 22.—(Special.)—There is a great Americanization drive on all over the country. Hundreds of thousands of the adult foreign born of the United States, who are candidates for citizenship, are attending public night school this winter in larger numbers and over a broader territory than ever before. The reason is their desire to learn the English language and obtain a knowledge of American institutions and government so that they may be qualified to enjoy the privileges as well as assume the duties and responsibilities of citizenship when acquired.

The public school authorities of approximately 1,100 cities and towns in every state in the Union, working in close cooperation with the Bureau of Naturalization of the United States Department of Labor, are now maintaining night classes for the benefit of their adult foreign born residents. The number of schools and the attendance have grown far beyond the expectations of the most optimistic and this patriotic movement is now generally regarded as one of the great saving forces of American national life.

This surprising growth has been due largely to a series of mass meetings, proposed by the Bureau of Naturalization, for the purpose of stimulating the interest of the candidates for citizenship in the citizenship classes conducted in the public schools throughout the United States. These meetings have been arranged by the public schools, chambers of commerce, municipal officials and various organizations and have had the cordial support of applicants for citizenship, the local residents foreign bodies and leaders of the various racial associations. The results have been far-reaching. Candidates for citizenship now know that they have a real friend in the federal government and that their education for citizenship is a thing of the past.

The British authorities who are checking up the activities of Count von Bernstorff and his party have put the case on record.

It was a case of fraud out for those Somerset potato holders who attempted to force cases onto famine stricken people.

CARELESSNESS.

I strike a match upon my boot, and light my three-for-five cheroot, then throw the match away. "The fire fiend swooped through the town, and burned our finest buildings down," the morning papers say. I suck an orange as I talk, and drop the peel upon the walk, then journey to my flat, a friend steps on that peel of mine, and breaks a gallus and a spine, an angle and a wail. I scold the fellow and apologetic, then I left the peel upon a step, and went to groom the cow; my aunt went down to get some jelly, she stumbled over that fall and spoiled her vesting suit, and when I saw her, I said, "You're a beauty!"

"I was merely a mistake," I softly meant no harm," but being sorry doesn't cure the girl's my vesting suit, and now and then they rise, brush my apologies aside, and make some puncture in my hide, and break my steady eyes.

THE DOVE OF PEACE.

The dove of peace is a bedraggled bird with one eye closed, four tail feathers missing and both legs stiff. It was in good health until August 1914, but has not drawn a sober breath since.

The dove was chosen to symbolize peace because it is one of the few birds in existence which can be depended upon to turn the other cheek. It is a whole lot of peace and good will, and it is a good thing when it doesn't interfere with business and the doves of peace want to be left alone. The people who are doing the fighting and paying the bills will have something to say about the next war, and they will say it in a tone of voice that will not have to be run through a code book.

In addition to this, discussion at these meetings focused the attention of powerful commercial, labor and patriotic organizations throughout the country on the vital importance of alien instruction and closer federal supervision of the naturalization law. Evidence in this is seen in the resolutions they have forwarded to members of the United States Senate and House of Representatives favoring the use of all fees received by the government in naturalization matters for the education of the alien population of the country. These resolutions closely followed the information, that since the Bureau of Naturalization received from Congress a few years ago, the sole control of naturalization matters, there has been an annual average of over \$65,000 in excess of all cost of maintenance. The citizens of the United States do not bear one cent of the expenses of this governmental agency. It is all borne by the foreigner, who applies for citizenship. In other words, from the \$50.00 paid by each foreigner for a good administration of the naturalization law, all of the expenses of the naturalization of over 200,000 annually are paid, and over \$65,000, on an average, is turned into Uncle Sam's pocket book every year.

The activities of the Bureau of Naturalization show how a routine governmental agency has been transformed into a great humanitarian force. This has been accomplished by linking together those important agencies, the federal and state courts, the federal government and the state public schools. The work of this Bureau now stands for more than naturalization, as the term is generally understood. It represents Americanization in its truest sense. It cordially welcomes and brings to the national family of friends fully qualified, through public school instruction, for the proud title of citizenship.

The British authorities who are checking up the activities of Count von Bernstorff and his party have put the case on record.

It was a case of fraud out for those Somerset potato holders who attempted to force cases onto famine stricken people.

Spring Clothing
For Women and Misses

Every woman, young or old, is now looking out for, or planning for, her Spring clothing. As usual the Union Supply Company has been planning way in advance, and we are now ready to supply the women and the misses, the young and the old, with their Spring raiment. Our dry goods departments are filled up now with large stocks of all the very newest things for dresses, for skirts, for shirt waists, for undergarments, and we believe everything that a woman needs. There is a great line of silks, percales, cheviots, ginghams; all sorts of dress cloth—plain blue, black, or white serge, plaids, and many other kinds. We have in addition to all these choice things for women and misses, lines of made-up goods for the younger girls and for babies. Then you come to the notion department, and here we provide you with underwear, hosiery, handkerchiefs, collars, corset covers, etc. In all our long years of store keeping, we don't think we ever had such choice varieties to offer the women. Although the stocks are very large and complete now, we are adding daily new things that are very tempting in style and very tempting in price. We want you to especially note our prices on all these different lines. We are quite sure we are offering our high class goods for less money than our competitors. If you doubt this statement we respectfully request that you compare our prices—that's the best way to find out.

HAIR COMING OUT?

Dandruff causes a feverish irritation
of the scalp, the hair roots shrink,
loosen and then the hair comes out
fast. To stop falling hair at once and
rid the scalp of every particle of dan-
druff, get a 25-cent bottle of Dandru-
f at any drug store, pour a little in
your hand and rub it into the scalp.
After a few applications the hair stops
coming out and you can't find and

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If Tongue
Is Coated Give "California
Syrup of Figs."

Every mother realizes, after giving
her children "California Syrup of
Figs," that this is their ideal laxative,
because they love its pleasant taste
and it thoroughly cleanses the tender
little stomach, liver and bowels with-
out griping.

When cross, irritable, feverish or
breath is bad, stomach sour, look at
the tongue. Mother! If coated, give
a teaspoonful of this harmless "fruit
laxative," and in a few hours all the
food, constipated waste, sour bile and
undigested food passes out of the
bowels, and you have a well, playful
child again. When the little system is
full of cold, throat sore, has stomach-
ache, diarrhoea, indigestion, colic—
remember, a good "inside cleansing"
should always be the first treatment
given.

Millions of mothers keep "California
Syrup of Figs" handy; they know a
teaspoonful today saves a sick child
tomorrow. Ask your druggist for a
50-cent bottle of "California Syrup
of Figs," which has directions for
babies, children of all ages and grown-
ups printed on the bottle. Beware of
counterfeits sold here, so don't be
fooled. Get the genuine, made by
"California Fig Syrup Company."—

A Medicine for Women

For Forty Years Lydia E. Pinkham's
Vegetable Compound has Relieved
the Sufferings of Women.

It hardly seems possible that there is a woman in this
country who continues to suffer without giving Lydia E.
Pinkham's Vegetable Compound a trial after all the evi-
dence that is continually being published, proving beyond
contradiction that this grand old medicine has relieved
more suffering among women than any other medicine in
the world.

Mrs. Kieso Cured After Seven Months' Illness.
Aurora, Ill.—"For seven long months I suffered
from a female trouble, with severe pains in my back
and sides until I became so weak I could hardly
walk from chair to chair, and got so nervous I
would jump at the slightest noise. I was entirely
unable to do my house work, I was giving up hope of
ever being well, when my sister asked me to try
Lydia E. Pinkham's Vegetable Compound. I took
six bottles and today I am a healthy woman able to
do my own housework. I wish every suffering
woman would try Lydia E. Pinkham's Vegetable
Compound, and find out for herself how good
it is.—Mrs. Kieso, 506 North Ave., Aurora, Ill.

Could Hardly Get Off Her Bed.
Macinatti, Ohio.—"I want you to know the good Lydia E. Pink-
ham's Vegetable Compound has done for me. I was in such bad
luck from female troubles that I could hardly get off my bed. I
had been doctoring for a long time and my mother said, 'I want you
to try Lydia E. Pinkham's Vegetable Compound.' So I did, and it
certainly made me a well woman. I am able to do my house work
and am so happy as I have expected to go around the way I do again.
I want others to know what Lydia E. Pinkham's Vegetable
Compound has done for me."—Mrs. Josie Corzine, 1608 Harrison Ave.,
Hiram, Ohio.

If you want special advice write to Lydia E. Pinkham Medi-

Clears Blotchy Skin

Don't worry about blotches or other
skin troubles. You can have a clear,
clean complexion by using a little Zeno,
obtained at any drug store for 25c, or
extra large bottle at \$1.00.

Zeno easily removes all traces of
pimples, black heads, blotches, eczema
and ringworm and makes the skin clear
and healthy. Zeno is a clean, penetrat-
ing, antiseptic liquid, neither sticky nor
greasy and stains nothing. It is easily
applied and costs a mere trifle for each
application. It is always dependable.

THE TRAFFIC TIEUP IS THE WORST EVER KNOWN IN THE U. S.

Congestion Reaches From the Seaboard to the Missouri River.

NO RELIEF IS IN SIGHT

And Cannot be Expected Until Ships Are Able to Carry to European Destinations the Vast Accumulations of Freight Now Stored at Eastern Ports.

The Pittsburg district just now is experiencing the worst freight congestion in its history. This is more severe, and the outlook for improvement correspondingly bad, because where at other times the trouble has been largely local or sectional, the present difficulty is national or, perhaps, international.

The blockade at the seaboard, where ships almost without number are tied up, while freight they should be carrying is piled on the wharves and in the storage houses, has reached back over the country as far as the Missouri river, and until some opening is made in the congestion in the East there can be little hope of real improvement in conditions. Taking freight as it is offered now, even could it be handled, would only mean the piling up of additional freight in places already overcrowded with it. The movement of ships is the only thing that will open the way to relief.

The great transportation lines, say their officials, are watching every opportunity to move freight, but there can be no freer movement of cars under conditions as they are at present. The roads are being taxed to their maximum capacity and still the situation is such that freight is moved on a permit basis and permission is given only when there is assurance that when the freight is moved there is a place to put it.

While the recent severe weather naturally has had considerable effect in retarding the handling of freight, the congestion on the seaboard is held to be the real cause of the present exceptional acuteness in conditions. Still, it is admitted in some railroad circles, that a continuance of mild weather will see an appreciable improvement in the situation, at least as far as pressing domestic needs are concerned. The railroads are giving foodstuffs and coal and coke the preference over other classes of freight, the first to take care of the people and the second that public utilities may be served. As to other materials they must take their chances.

In the Pittsburg district a number of plants have been compelled to suspend operations from time to time in some departments because of shortage of materials on the one hand and inability to ship out their product on the other. There has been talk that the larger manufacturers might get together and agree to a general shutdown for a stated period, to relieve the situation.

That such a move would bring considerable relief is not denied, but just whether the manufacturers would agree to the suspension is another matter, but there has been no concerted movement in that direction.

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

"Pape's Diapepsin" Makes Sour, Gassy Stomachs Feel Fine.

Do your foods you eat hit back—taste good, but work badly; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. and Mrs. Dyspeptic, get this down: Pape's Diapepsin helps neutralize the excessive acids in the stomach and your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, and what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is positive in neutralizing the acidity, so the misery won't come back very rapidly. You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gasses, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder due to acid fermentation.—Adv.

League Notes

The Macabees Ladies (married team) want to defeat the Overholt Girls, but as one of them said, "Not until the last game of the season." The Macabees do not want to run a chance of losing the desired title of "champs" by playing another team, should they win this game.

The Baltimore & Ohio basketball team played a game away from home last week, defeating Conduff, 28-19.

Another tender spot of woman has been uncovered through basketball. She has "corns." A sudden screech during rapid play means that someone has rudely tread on somebody else's feet.

Fast forwards are likely to remember how S. Matthews got his nose broken before they start to charge down the floor after this. Too much speed on the small gym is sometimes disastrous.

There is something doing at the Macabees every night now. Between practices and games there is always some team on the floor.

The next appearance of the Baltimore & Ohio basketball team Friday evening, March 3, will present the boys in their new standard uniforms. The team has white jerseys, with B. & O. spelled across them in red.

Many inquiries concerning the Single Lady Macabees have been made. The team broke up when Wednesday night was decided on for practice. The girls remained true to their

GREENSBURG WINS

Mount Pleasant Defeated Through Kummer's Foul Shooting.

Special to The Courier. GREENSBURG, Feb. 23.—Another exciting Inter-County basketball game was staged here last night between Mount Pleasant and Greensburg, the locals noosing ahead in the last few minutes of play and winning by two points. The final score was 25-23.

At the end of the first half the score was 16-13 with Greensburg on the long end. In the second half Mount Pleasant gained a one-point lead, but Kummer saved the locals from defeat by tossing three foul shots. The lineup:

GREENSBURG: MT. PLEASANT: Kummer forward Rhoe forward Baker forward Davis forward Erickson center Bishop center Moorehead guard Carbaugh guard Goldman guard Snyder

Substitution—Housberger for Snyder. Field goals—Baker 2, Erickson 4, Moorehead 2, Goldsmith, Rohe 4, Davis 4, Bishop, Housberger. Foul goals—Kummer 7 out of 13; Rohe 3 out of 8; Snyder none out of 1. Referee, White.

MOOSE PLAY TONIGHT

Lodge Five Will Buck Against Mount Bradlock at Macabees.

The Moose basketball five will play against the Mount Bradlock boys at the Macabees Hall this evening. This will be the second appearance of the Moose, and having lost one game to the Baltimore & Ohio, this team is determined to wipe out the cozier, Mount Bradlock suffered a loss Tuesday night when S. Matthews, center, had his nose broken.

The preliminary game will be between the married team of the Lady Macabees, and South Connelville. The prelim will start at 7:45 sharp.

CHIEF WINTER SPRY AS BOY

Son Tells of Remarkable Change That Overcame Fire Fighter.

"The other day I caught Father running a race with one of his grandsons," said J. Kenneth Winter, the well-known druggist of Hughesville, near Williamsport, regarding the great improvement in the health of his father, James Winter, of Second street, Hughesville, chief of the Hughesville Fire Department. "His stomach had been troubling him for sometime. He had no appetite and could not digest his food. His heart seemed to be weak and he could hardly get his breath. He could only walk a block or two and would then stop and rest. He was very weak and thin down generally. His kidneys, too, were troubling him quite a bit. "I saw Tanlac advertised in the newspapers, but I did not believe it would help him, but he finally decided to try it. It proved of great benefit to him. His stomach is in good order again and he can eat whatever he pleases. He isn't troubled with shortness of breath and can get around and perform his work as usual. "Tanalac has helped my father a good deal, and we are all very much pleased about what it has done for him. "Tanalac is now sold here by the Connellsville Drug Co. "Tanalac can be secured in Dunbar at D. C. Eason's Drug Store.—Adv.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients for about 60 cents. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

New Spring Clothes for YOU, Sir!

There was a time when men didn't pay much attention to style—a fact made only too evident by their appearance. But nowadays in these times of better dressed men and young men **STYLE** has attained an equal footing with **SERVICE** and **VALUE**. Men of Connellsville look to this store to furnish them with correct style first. **WE DO IT**—and we're ready now for spring.

SPRING SUITS and TOPCOATS
\$15 to \$25 to \$35

Quite up to our usual high standard of quality despite the scarcity of, and tremendous demand for, woolen fabrics of the better sort. Both Coats and Suits in conservative and dressy models for men, and more extreme effects for stylish young fellows. Especially fine values at \$20 and \$25.

Spring Hats \$2 to \$5

Light weight, comfortable felts in wide or narrow flat brims and wide or narrow roll brims. Olive, brown, green and grey are the favorite shades. Plenty of new BORSALINOS, the Imported Hat from Italy.

REMINDERS!

Ducness, Paragon and W.-M. Co. special Trousers in strong, serviceable materials and neat patterns. All sizes up to 50 waist. Prices \$2 to \$4.50. A good line Union Made Corduroy Pants at popular prices.

Men's and Boys' Sweaters in all colors and sizes, \$1.50 to \$12 each. Made to Measure Clothes, fit guaranteed, \$25 to \$50. Traveling Bags, \$2 to \$15. Suit Cases, \$1 to \$15.

Spring Styles in Ladies' Suits
Exceptionally Fine
Values at Only **\$25**

THE QUALITY and style found in these charming early arrivals are of the standard women usually pay \$5 more for. We have marked these \$25 merely as a special little introductory offer of the new season. Shown in such good colors as—

Taupe Tan Grey Blue Checks Black

May be selected in four of the best materials of the new season notable both for their beauty and long wearing qualities—Serge, Poplin, Homespun and Vigoreaux. Plain or belted models trimmed with wool embroidery, self trimming, or buttons. All sizes 16 to 42.

Every woman buying one of these suits may be assured there will be no values more liberal than these offered this season.

Spring Coats Showing the New Barrel Silhouette and the Most Gorgeous Colors.

Each season there is something new—some outstanding feature in coat styles. But Spring 1917 goes one better and has **TWO** distinguishing features—the barrel silhouette gained by odd shaped pockets, and the bright colors seen in the most stylish Coats.

Too gay? Not a bit of it. We thought no Coats could be prettier than those of last fall and winter, but when these came in we immediately changed our opinion. Here are some of the colors, and you'll like them all—

Shadow Lawn Green, Majenta, Rookie, Rose, Gold, Ruby, Tan, Grey, Navy and Black

And indeed the materials themselves are no less striking than the colors. Wool Jersey, Scotch Tweeds, Polartwill, Velour, Homespun, Gabardine, Serge, Poplin, Checks and Flannels afford the widest sort of selection in either sport or dressy styles.
